Grand 1010

INDUSTRIAL SURFACE RENOVATOR

Description

GRAND 1010 is a highly effective industrial surface emulsifier that loosens the molecular binding force of dirt, sludge and grime and oil built-up without damaging the hard surfaces.

Areas Of Uses :

GRAND 1010 can be used to renovate grimy industrial surfaces, floors, equipment and machinery found in automobile repair shop, engine workshop, aircraft hanger, printing plant and industrial plant, etc. Grand 1010 remove the hazards of industrial atmospheric fallout and oil built-up without flammable hazards.

Directions To Use :-

Below is a dilution chart. Follow closely for best results. Spray-wipe or mop onto item to be cleaned, emulsifying action takes place within half a minute. Then rinse loose soil away leaving a completely clean surface.

<i>ITEM</i>	<i>DILUTION</i>
Punches, Drills	A
Automotive parts Presses	A
Machine tools and Lathers	A
Boats and equipment	B
Conveyor belts	C
Drive cabins and Loading Ramps	C
Vents and Filters	C
Elevator and Lift	D
Guard Rails and Safety Equipment	D
Packaging and Vending Equipment	E

Dilution Chart

	A	B	C	D	E
Parts water	1	2	3	4	5
Parts Grand 1010	1	1	1	1	1

Characteristics :-

TYPE : ALKALINE, SOLVENT DEGREASER

pH FACTOR : 12.9

COLOUR : Purple

TOXICITY : Low

ODOUR : Pleasant

FLAMMABILITY : Non-flammable

COMPOSITION : Penetrates (biodegradable) inhibitors and solvent builder

Features & Benefits :-

NON-FLAMMABLE – GRAND 1010 will not support combustion under any condition and can be used near an open flame or where sparks may occur.

SUPERIOR EMULSIFYING POWER - GRAND 1010 breaks down the molecular structure that bonds dirt and grime to surfaces. Soils are then emulsified for complete removal by wiping, mopping or rinsing.

NON-TOXIC – GRAND 1010 produces no toxic vapour to harm health. It is safe to use on food handling equipment or where food is stored. It requires only a final water rinsing.

NON-CORROSIVE TO METAL – GRAND 1010 containing a corrosion to reduce the hazard of corrosion to iron, steel.

ECONOMIC – GRAND 1010 saves labour time and can be diluted up to 20 : 1 for light-duty job.

VERSATILE – GRAND 1010 remove a wide variety of soils and solve most problems associated with dirt, sludge and grime. Various dilution makes GRAND 1010 a highly versatile renovator.

BIODEGRADABLE – GRAND 1010 is completely biodegradable.
