## **SHIN OXYGEN**

### ***Oxygen Bleaching Powder***

#### **Product Description**

*SHIN OXYGEN* is a highly concentrated bleaching powder containing 95 % of oxygen releasing agent for spotless laundry bleaching. It is an extremely effective stain removal of bleachable spots like tea, red wine, juice or food spots at high temperature.

*SHIN OXYGEN* contains a bleach stabilizer, which safeguards the bleach from damaging fabrics.

#### **Properties**

- Extremely positive bleaching results.
- Suitable for all degree of water hardness, washing systems and machines.
- Readily soluble in water.
- Adds to washing effect.

#### **Chemical Composition**

- Bleaching agent
- Stabilizer
- Optical Brighteners

#### **Application**

Add *SHIN OXYGEN* in bleaching operation according to the dosage guidelines given. Washing time usually between 8 to 12 minutes depending on degree of soiling. Best bleaching effect at temperatures over 70 °C.

#### **Dosage**

- \* Normal Bleaching : 3 – 4 g / kg of dry wash
- \* For spotting and special washing : 4 – 6 g / kg of dry wash

#### **Precaution**

As with all chemical products, ingestion and eye contact is to be avoided. When handling product, normal work clothing covering arms and legs shall be worn.

**Storage** - Store in a cool and dry area. Containers of unused products must be kept close at all time
