Shin Sour

Laundry Sour

Product Description

SHIN SOUR is a perfectly formulated concentrated sour neutralizer. Blended with a strong and yet safe to use souring agent which has anti – chlorine property to remove all chlorine residues which may cause damage to the laundry and also corrosion to the mangle rollers. It has also a high affinity for alkaline materials thereby avoiding the problem of staining due to the consequent delay in the laundry operation.

Properties

- Chlorine and alkali affinity.
- Minimize yellowing in laundry due to iron deposition.
- Saving time and labor with very positive results.
- Pleasant after-wash fragrance.

Chemical Composition

- Souring agent
- Builders
- Perfume

Application

Add *KLEN SOUR* during the last rinsing cycle according to the dosage guidelines given. Running time usually between 4 to 8 minutes. Water level should be low.

Dosage

* 1 – 2 g / kg of dry wash

Precaution

It is corrosive material. As with all chemical products, ingestion and eye contact is to be avoided. When handling product, normal work clothing covering arms and legs shall be worn.

Storage

Stored in a cool and dry area away from any alkaline base materials. Containers of unused product must be kept close at all times.
